Mission Statement

Mission Statement

Funtastic Club offers a safe and secure environment for children to express themselves. Our friendly and experienced staff are committed to providing children with fun and stimulating activities to aid their learning and development. We appreciate the uniqueness of every child and encourage children to establish themselves through dancing, singing and drama. Many of our staff are artistically gifted, creating a diverse range of activities that allow children to gain in confidence and realise their own creative potential.

Our club provides activities for all children aged from four to twelve years old, allowing children to interact with young people from other ages and backgrounds. We encourage children to form relationships with one another and support these bonds in their play. Children are constantly given the opportunity to use their imagination through activities. Our creative staff engage with the children, and work with them to express their imagination further.

We offer a range of activities including arts, crafts, and cooking. Children are encouraged to build on the skills they learn in school, developing their literacy skills through projects. The children also learn vital non-academic skills with us, such as the processes of self-evaluation and self-belief.

The club develops partnerships with the school, communicating with its staff to ensure the best support for the children. We walk the children to their classrooms and collect them at the end of the day to ensure their safety. It can also be arranged for us to collect your child from an extra-curricular club within the school. We try to work with the convenience of the parents, and enjoy developing bonds with the families of the children who come to Funtastic Club.

At Funtastic Club we are committed to the emotional and physical well-being of the children. We value the children, and are dedicated to helping them build their self-esteem and realise their own potential. Individuality is celebrated, and children are encouraged to respect and encourage one and other. We encourage healthy eating and teach the children to cook nutritious food. The club adopts a daily routine with the children to promote their own health and hygiene. Together we work to help your child establish their special place in the world.
